Acting under CC&R Article V Section 1(g) and Bylaws Article VI Section 15, the Board has delegated to the Grounds Committee the responsibility for establishing and monitoring standards of aesthetics, safety, and maintenance for all Common Areas. In addition, the Committee is directed to monitor the appearance of individually-owned developed properties, as outlined in CC&R Article IV B Section 7, "Care and Appearance of Premises", and to monitor the safety and appearance of all unimproved individually-owned lots as outlined in CC&R Article IX, Section 2(b). The Rules and Regulations further identify areas of responsibility.
2. As of January 12, 2016, the Board of Directors temporarily suspended the Grounds Committee as a standing committee due to lack of volunteers and delegated the Committee's duties and responsibilities to the General Manager to administrate (acting as Grounds Manager) until such time as there are sufficient volunteers to reinstate the standing Committee. Further, until the Committee is reinstated, the term "Grounds Manager" shall be interchangeable with the term "Grounds Committee" for purposes of this Article.
3. On August 8, 2017, the Board approved extending suspension of the Grounds Committee based upon the lack of volunteers to re-establish a standing committee.
